Setting Up StreamLode as a Host: A Quick Guide

Welcome to StreamLode, the streaming website that allows you to host your content and engage with current and potential customers. This guide will provide simple and concise instructions to help you set up StreamLode as a host. Whether you're new to the platform or have moderate experience, follow these steps to get started and unleash the power of StreamLode. Let's begin!

Navigating to the Membership Tab

- Open the StreamLode website in any browser type.
- Now locate the navigation menu and click on the "**Membership**" tab.
- This tab will provide you with options related to your desire of StreamLode membership.

Choosing Your Desired Plan

- Within the Membership tab, explore the available plans and select the one that best fits your needs.
- Click on the desired plan to proceed further.

Registering as a Host

- After selecting a plan, a registration form page will display on your screen.
- Fill in the necessary information, including your name, email address, time zone, page name, and a unique password. (***Note:*** *Ensure that you set a unique and secure password. Never share your password*)
- Once you've completed the form, click on the "**Continue**" button to proceed to the next section.

Providing Payment Details

- In the payment details section, enter your card information to complete the registration process.
- If you have a discount code, there will be an option to apply the code, allowing you to benefit from any available discounts.
- Double-check all the provided details to ensure accuracy.
- Finally, click on the "**Pay Now**" button to submit your payment.

Confirmation and Account Creation

- Upon successful payment, a confirmation message will appear, congratulating you on creating your StreamLode host account.
- Your account is now registered with the website, and you can start utilizing the features and functionalities of StreamLode.

Congratulations on successfully registering as a StreamLode host! Once you have successfully registered, simply log in using your credentials to access StreamLode. Upon login, the main host's dashboard screen will be displayed.   After some more setup steps, you'll be ready to showcase your knowledge and engage with your audience on StreamLode!
